

Operations Officer

GENERAL SUMMARY

Under the supervision of the Operations Manager, the Operations Officer is responsible for coordinating airport operations during their assigned shift. Tasks include, but are not limited to, monitoring of airport security equipment, answering telephones and radios, dispatching personnel to routine and emergency calls for service, monitoring and reporting airport conditions, and conducting airfield inspections and security patrols.

ESSENTIAL FUNCTIONS

- Under direct supervision, coordinates airport operations during assigned shift, ensuring the safety and security of the public, tenants, and airport staff.
- Ensures that all airport operations comply with FAR Part 139, Part 77, TSR Part 1542 and other applicable federal, state, and local statutes and regulations.
- Conducts inspections of runways, taxiways and other airport facilities to identify and document damage, deterioration, debris, and other unsafe or non-compliant conditions.
- Conducts communications with ATCT, Public Safety, Airport Maintenance, various tenants, and the general public.
- Actively monitor security access control and CCTV systems.
- Coordinates and/or directly responds to airport emergencies.
- Coordinate and/or monitor airport construction projects.
- Assists with coordination of airport facilities by air carrier, air cargo, military and charter aircraft.
- Monitors and ensures safe vehicle operations on the movement and non-movement areas.
- Implements wildlife control procedures and ensures compliance with the Airport's Wildlife Hazard Management Plan and applicable federal and state regulations.
- Implements snow and ice control procedures and ensures compliance with the Airport's Snow and Ice Control Plan
- Issues Notice to Air Missions (NOTAMs) to report all conditions that impact the safe operations of aircraft and ensures that they are promptly communicated to the FAA, air carriers, and other airport users.
- Monitors for compliance and enforces terms of the Airport Minimum Standards, Airport Rules and Regulations, Airport Certification Manual, and Airport Security Program.
- Performs other duties as assigned.
